## INTRODUCTION

Welcome to the **Ossining High School Class of 1965 Directory**.

Many years have passed since Graduation Day ... 56 of them, in fact, as of this writing. Our lives have taken directions and turns that most of us never planned on ... carried us to corners of our country and planet, where most of us never dreamed we would go. But no matter how much time passes, no matter what events effect the course of our lives, no matter how much distance separates us from each other, we still have much in common. We were playmates, classmates, and friends together for the first - and probably the most formative 18 years of our lives. Our elementary years were gleeful and carefree. Our Junior High years were insecure and hormonally volatile. Our High School years were gleeful, carefree, insecure AND hormonally volatile. Throughout it all, both in class and after class, we depended on each other for entertainment and support. We are not related, but we ARE a family of sorts - more than just a family of peers - we are a family of classmates - a treasured relationship we'll carry, whether voluntarily or unintentionally, for the rest of our lives.

Not everyone can make it to class reunions ... but we all still want to remember our classmates and be remembered by them. The purpose of this directory is to provide you, as a member of the graduating class of 1965, with a ready means of communicating with your former friends and classmates - *in between* class reunions. This project would not have been possible without the marvelously helpful resources of the internet and the equally important resourcefulness and tenacity of those who devoted time and effort to 'track down' our many classmates. It is the hope of the Ossining High School Class of 1965 Reunion Committee that you will be pleased with our results and, more importantly, that you will put it to good use.

Please help us to maintain the validity of this document by keeping us informed whenever any element of your directory listing changes. The fourth page of this document contains information regarding who to contact in order to update your directory listing.

Warmest Regards,

David J. Perugini

IT'S ALL ABOUT RECONNECTING WITH YOUR CLASSMATES

**How to Keep In Touch**

- Use this directory to contact your former friends and classmates! And keep your listing up-to-date so others may keep in touch with you.
- Visit the 'OHS Class of 1965 Website' (<https://ohs65.weebly.com>) for everything and anything relating to our great class. Here you will find links to the latest copy of the Directory, vintage photographs, and links to books, recordings and other media pertaining to the Class of '65, information about our school, our town, a Class Memorial page, a Class News page and much more.
- Visit the 'OHS Class of 1965 Blogsite' (<http://ohsclassof1965.blogspot.com>) where you will find a variety of information solely dedicated to our graduating class. There is an 'Alumni News' section (classmate submissions and photos); photos from the past; a mini-yearbook that you can download; a Faculty Update area; an 'In Memoriam' section (deceased classmates); and much more. **Please check out the 'Missing Classmates' list and if you have some information on any of the classmates listed, pass your information on to David Perugini.**
- Sign up for a account on **Facebook** (<http://www.facebook.com>), a FREE online social networking service that an increasing number of our classmates have joined and are actively using. In order to make it easier for your classmates to find or recognize you, be sure to 1) include 'Ossining Senior High School 1965' in your 'Education/High School profile, and 2) include your maiden name in your Profile name. Once you're a member of Facebook, please join us at the Facebook Group page that is reserved for only our classmates - it's called '**Ossining High School - Class of 1965**' - get there by going to: <http://on.fb.me/sE15Sn>. We also encourage you to join our '**Ossining High School Class of 1965 Fan Page**' - it's open everyone and can help OHS schoolmates (from other graduating years) locate you and for your to locate them - get there by going to: <http://on.fb.me/sRkmgH>
- Attend the '**OHS Class of 1965 Reunions!** But why wait until Official Reunions? You can organize your own mini-reunion: use our directory to locate classmates in your geographic vicinity. We're calling these in-between, mini-reunions "65 Tribe Pow-Wows". For more information, check out the '**65 Tribe** section on the *OHS Class of 1965 Blogsite* (see above).
- How else can we keep in touch? Write letters and cards; E-mail; Instant Message (e.g. AIM; Skype; GoogleChat); Video Conference (Skype; iChat; FaceTime; GoogleChat); Knock on a door!

**Tremendous Success at Finding Classmates**

- In the back portion of this directory you will see a section called '**Where Are We Now?**' That lists our classmates according to their *state* and *town* - this can be helpful when planning a Pow-Wow.
- The 'Finding Classmates' page provides a few graphic aids to help you envision where we are distributed throughout the world (see 'Where Are We?' map).
- How lucky we are to have located such a large proportion of our surviving classmates (over 92%).

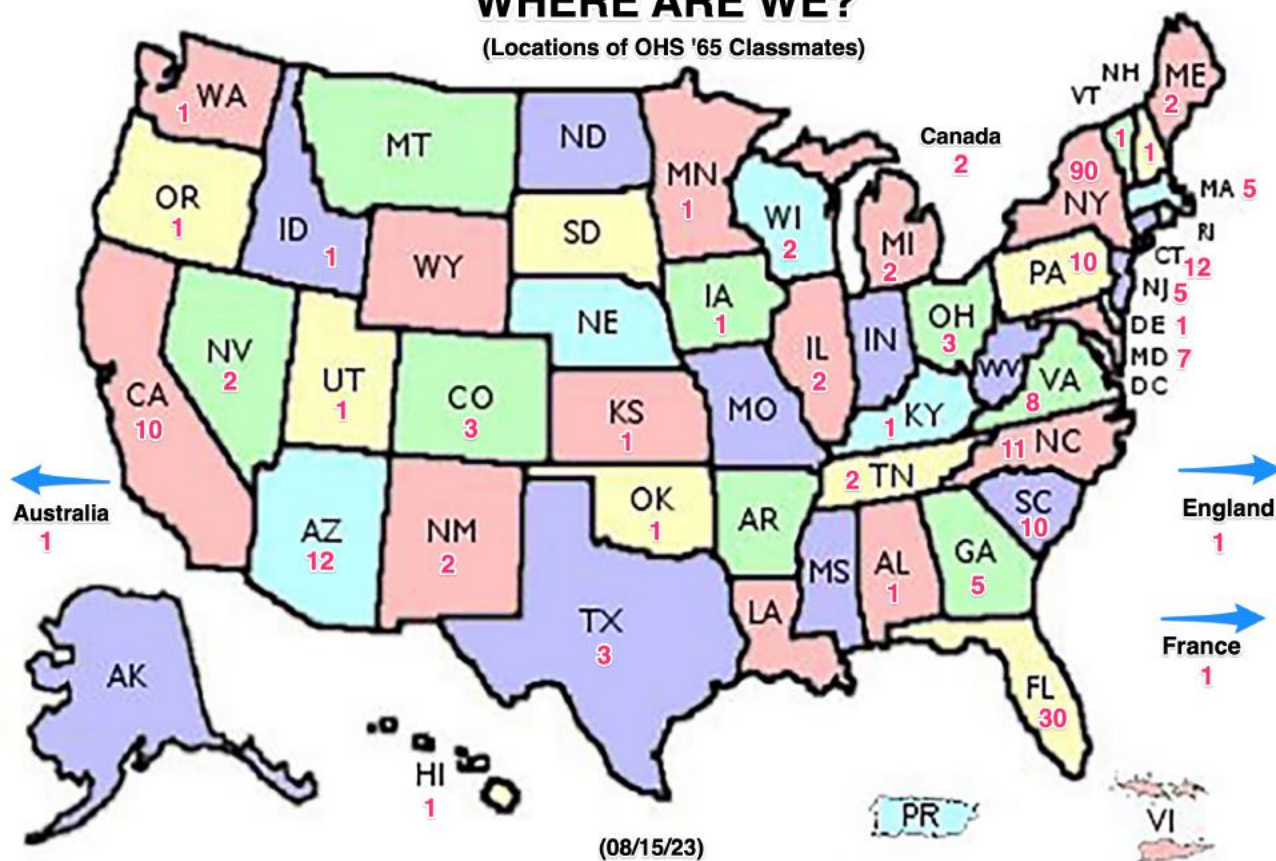

**Special Notes Regarding the Directory**

- In addition to updated listings being brought to your attention by the green **UPDATED!** flag, the updated data elements will be printed in **boldface** to make it more evident.
- **Birthdays!** Both in your Directory listing and in a chronological list at the end of the booklet. Please let David Perugini know ([davidperugini@aol.com](mailto:davidperugini@aol.com)) if your birthdate is either wrong or missing
- **Obituaries.** If I could find an online obituary for a deceased classmate, I've included it in that classmate's listing. I'm having difficult finding information on classmates who have passed prior to 2009, so if you have any information in that regard, contact David Perugini.

## LOST AND FOUND DEPARTMENT

### MISSING CLASSMATES

We are very fortunate to have successfully accounted for 338 of our classmates. FREE internet 'people-finder' resources, such as 'Whitepages.com', 'Switchboard.com' and 'ZabaSearch.com', were the most successful tools for locating our classmates. However, there are still a number of our classmates for whom we could find no trace of breadcrumbs that would lead us to them. We will continue to search for them and ask for your help with the process of locating missing classmates.

### THE LIST OF MISSING CLASSMATES (9 as of 08/05/23)

Ossining High School Class of 1965 - 9 Missing Classmates						( as of 8/5/2023 )

About Erik:

I've spent most of my adult life living in a small Hamlet named High Falls in rural Ulster County. I retired from Orange County Community College as Facility Manager and moved to Florida in 2005 to beat escalating prices (Ha! Ha!) and for Kathy's health. I am currently working as Director of Facilities Operations at Santa Fe College and will probably never be able to retire now. In the family shot left to right we have Erik Jr., who goes as Happy, and is 32 and a screen and TV actor. Next to him is our youngest daughter, Katrina. She is 27 and has lived in South Florida for the last five years and just moved to NYC, where she is a therapist. Next comes my wife of 34 years, Katharine. She is an RN and works at a pediatric facility for fragile children. Then the bride, Krista, who is 30, lives in Jacksonville, FL, and works as a carnivore keeper at a private reserve called White Oak. I'm next, followed by my youngest son, Tory, who is a student at Hunter College in NYC.

After almost 20 years in the classroom I'm thoroughly enjoying retirement. The only thing I miss is the kids but between time spent with three grandchildren and teaching yoga to little ones I get my kid fix! Both of my two children now live relatively close by so we get to visit often. Tom, the oldest, is an entrepreneur, has created and sold one company and is currently looking for a new venture. Daughter, Alexa, lives in Portland, ME and is a practicing acupuncturist. My husband, Steve, is now happily retired as well. We love to travel and are ticking off National Parks in our quest to visit them all - well, maybe not American Samoa. Life is good!

About Katherine:

Thoughts to share: My life has been full, sometimes difficult, always with laughter. I am grateful. I've had the opportunity to complete an MS, teach, enjoy a business career, & have wonderful friends & family. Work transferred me often: NY, FL, CA, and Las Vegas. Now married for over 17 yrs to Tony Duran, a retired submarine chief who tracked foreign subs & dropped Navy Seals into Asia while I marched for peace in DC. What a wonderful era we live in; Cold War to space travel, telescope to microscope. My Taoist, Buddhist, Native American beliefs convince me that science & philosophy converge in the 21st C. Particles & people vibrate; change the vibration, alter reality.

No biological children, but I enjoy my four step kids. We have 3 young grandchildren who live in VA so we rarely get to see them. I've been fortunate to have traveled through most of North America, most of Central America, and parts of China & Europe. I'm ordained as a Buddhist Priest, Taoist Priest, and Dahn Master (Taoist practices). I'm active w/ OLLI (Osher Life Long Learning Institute) and I love to travel, to read, to practice, to teach, and to serve.

About Richard:

I came out of the closet in 1969, a few months after the Stonewall Riots. For those of you who still have some image of me buried somewhere in your gray matter, I wonder if it occurred to any of you then that I might be gay (a word not in anyone's lexicon at the time). I've kept in touch with Kathy Hassett over the years and about a decade ago I told her that I was gay. She said then that she wasn't surprised and surmised as much in high school. Let's give Kathy a nice round of applause for having developed gaydar even before the term was invented! (Was I the only one in our class?)

After high school I went to SUNY Albany and received both a BA and MS there. I started several doctoral programs. I worked in the Schenectady public schools for seven years and then received a Fulbright for which I spent a year in Poznan, Poland, at Adam Mickiewicz University. I then moved to NYC where I have lived for the last thirty-three (!!!) years. In CUNY I eventually became a chairperson I teach education courses.

I have enjoyed the OHS blog enormously. I look it over from time to time and grow nostalgic. The pictures are particularly moving. I appear in Miss Brannock's kindergarten class (where I look straight) and in Miss Olsen's sixth grade class (where I look gay). Congratulations to David and Pook for their talents and efforts! You have resurrected us all! Dave and I were friendly in high school and wiled away many a pleasant hour at the Saturday night bandstands.

I have very fond memories of Ossining High School and of all of you. I had a good time. Had you all not been such swell kids, I might have had a very different experience. I sometimes long for the days when all I had to worry about was Miss Goodman's quiz on the last chapters of Anna Karenina. I may have even learned a thing or two.

 Sorry to miss the reunion. I was back east when I received notice of the gathering, but Michael and I were scheduled to drive home to California before the event. I'm a traveler. My partner and I just car camped across the U.S. 11,000 miles in 11 weeks. If you'd like, check out my new blog thegladnomad.blogspot.com. Highlights of the last 44 years include a good 26 year marriage with an amicable divorce; a lovely daughter, Julia (26); living in the Boston area, southern California, Kentucky and New Mexico; writing and self-publishing three books and one co-authored play; traveling all over the U.S. and Canada, Mexico, Guatemala, India, Australia, China, Ireland, the British Isles and Europe; offering energetic healing and living with my dear partner of almost five years. Not to forget a new hip this year. Keeping mobile is important as we mature. The best to everyone in the class of 1965. Maybe I'll make it to the next get together.

**About**

I am well and living in central MA near the Quabbin reservoir. My love - Iva - and I were married (second time for both) a year ago. Iva has two daughters, early 30s. I am retired from the public and non-profit housing sectors after working in the Chicago, Washington, D.C., Philadelphia and Boston areas. We have a 1855 house off beautiful Barre common. I am chairman of the Barre Planning Board, an actor with the Barre Players (presently in "Translations" as Jimmy Jack Cassie) and a volunteer with the East Quabbin Land Trust Iva is originally from the Czech Republic and we enjoy traveling there and elsewhere in Europe.

I have fond memories of growing up in Torbank (and later Chilmark), attending Brookside School (pushing the piano around to various classrooms with Ray Tuttle), playing in Little League and earning badges with the Boy Scouts. Back then OHS was the "Indians" and had a wonderful mix of societal groups, with great academics, athletics and extra-curricular activities. I can still remember the smelly fruit from the ginkgo trees in the fall, the Key Club convention in the Catskills, trying to figure my way through PSSC physics and enjoying performances by the OHS band. Enough for now. Hoping to see many of you at the reunion.

My life has been an interesting journey. After retiring from the medical field, I became involved with comedy improv and have been teaching and performing it for over 25 years. I am currently a member of the improv troupe Westchester Improv People and do videos for Second Half Laughs and have the comedy character 'MenoWoman on YouTube. I studied improv with Second City, Psychology at Pace University and Voice at White Plains Academy of Music. I still love to sing and utilize my singing during my performances. I feel truly blessed that I have been able to live out my theatrical dreams on many levels. I also enjoy interior decorating, jewelry design, dancing, cooking, hiking, photography and traveling.

I was saddened to see that so many of our fellow classmates have passed on. May their memories live on by the family and friends that loved them. I look forward to seeing everyone again soon.

Rob and I married in Scottsdale, Arizona in October 1991 and moved to the Sedona area in 1995. We have invested in real estate - managing our properties; buying, renovating, and selling others.

I've had careers in Special Education, advertising and I am currently a real estate agent at Russ Lyon Sotheby's International Realty Company and I also do some part time work with handicapped infants (ages birth to 3). Rob was selected to be on the Sedona City Council about three years ago and last year he ran for Mayor and that's what he is doing now. We have a son, Justin (my stepson) who is 24 and graduated from ASU this past June (2009).

I still love horses, photography, Sedona hiking and world travel. My passion is design and renovation. Please look us up if you are ever out here visiting this wonderful place.

I am a physician and practiced my entire career of internal medicine in Madison and am still actively working. It's been a real pleasure to read about all our classmates and their paths over the short time since we were seniors. Thanks to Pook, David, and others who have put so much energy to get us together. One of the best revelations about our class is that my good buddy Ric Feeney is a real live (and very devoted) minister - I don't remember him always leading us down the right path in high school but know he will do that now. My best wishes to all the class of '65.

About Frances:  
 Many thanks to the organizers of this reunion! I would not have guessed before David and Pook "found" me that I would be so happy at the prospect of seeing everyone. It's already been a joy to hear about people that I've not seen in 44 years (that's an unbelievably big number). I am eager to share memories of high school and elementary school as well. The headlines: I have been married to Colin Greer for 32 years. We have 3 children, Simon, age 40 (my stepson), Olivia, 28, and Lucy, 18, and Owen, our first grandchild born this October. I am a clinical psychologist-psychoanalyst in private practice with individual adults, families, couples and kids on the Upper West Side of Manhattan. Before that I was a modern dancer and a nursery school teacher. My family and I enjoy summers in upstate NY and Long Island, and since Colin is English, we visit England frequently. It's been so interesting to read the blog and think about where the wind has blown our class and how much diversity there is in the lives everyone is leading. I look forward to more. All the best to everyone.

I'm not sure any of you will remember me because I left OHS in 1963 to move to Cold Spring, New York. I graduated from Haldane High School in 1965 and although I made many good friends there, I have always considered Ossining my home. My name is Sharon Oliver Probst and I have been married to Ernie for 42 years. We made our home in Hopewell Junction for many years, but have retired and moved to Sunny Florida. The Villages to be exact. I have 2 children, one son 39 ("oh my how could that be") and a 35 year old daughter. I have a granddaughter 6 and 2 grand-puppies. I play golf, travel, enjoy playing cards and am a professional clown. I am so looking forward to coming to the reunion in October and seeing a lot of old friends.

My son and his wife are having a boy in November. They all live near Boston and I visit often. I was there in July and enjoyed going to the RI and MA beaches. I visited friends in Ossining. It was nostalgic to see OHS and the old house. My friend Mike and I both have acreage at Copper Canyon Ranch in Globe, which is 80 miles east of Phoenix. We travel there to escape the heat and enjoy the wide- open space. I'm sure the reunion will be a success.

So Sorry, I will not be attending the reunion. I pray God's richest blessings upon all of you. Always remember God is still on the throne. No matter what life toss your way, with God's help you can make it. So keep Him first in your life. I'm really enjoying a good life. Very active in my church. I retired from the U. S. Postal Service in 2002 at the young age of 55. My husband will be retiring at the end of the month from the U. S. Postal Service. We have 2 children, a son who is a MTA Policeman and a daughter who is a Postal employee. We also have a daughter-in-law and 2 grand children (Kourtney 10, and Jayden 5). We are a very close knit family and manage to take vacation together every year. Cruising is our favorite. We also enjoying taking the long drive to South Carolina to visit my 80 year old mother, who is terrific, very active and on the go. That my dream, good health and long life. I pray the same for all of you. Stay bless in the Lord.

About Linda:  
I retired in 2004 and left Westchester County in 2005. My husband John and I moved to Vero Beach, Florida where we enjoy year round good weather (except of course, for those "Pesky" hurricanes). But other than that, it is MOST condusive for fun in the sun. Great beaches for swimming and reading, the beautiful Intracoastal Waterway for boating, fishing opportunities of every kind, and limitless scenic vistas are available for walking and biking ("super flat" everywhere unlike the hills of Ossining). We loved the Hudson River Valley, but it was time for a change and by living here we feel like we are on vacation 24/7 all year long.

Birthday: 9/25/1947

**About Marie:**

After graduation from OHS I attended and graduated from the Fashion Institute of Technology majoring in Design. I worked in the apparel industry upon graduation and found out quickly that unless you were a person who didn't mind having 3 jobs a year this was the industry for you. There aren't too many Calvin Klein or Donna Karen situations in that industry. If you worked for a designer who had a bad season...you got fired too if you worked on their staff. Then I went back to college and got a second degree this time in accounting. Since math was my major in high school I should have continued on that road.

I was a corporate controller for a few companies in NJ then I ventured back into NYC. By this time I had married a second time and my husband and I lived in NJ. Before we moved to Florida in 2001 I was the Controller for an company with 8 subsidiaries, then my husband took early retirement from teaching in New York State and I had enough of the cold so Florida here we are. I have family here and we visited here many times so it was not a surprise when we moved.

I worked for a real estate company here for 8 years. I now stay busy with constant house projects and a few committees for two non-profit organizations I belong to. I stay very busy with just "stuff" and don't know where the time goes.

Looking forward to seeing my classmates at the BIG 50th reunion.
